

6 March 2017

CALVERT GREEN VILLAGE HALL PROJECT UPDATE

Works will be commencing this week with the diversion of the electric and water mains, and the removal of a street light in readiness for the Piled Foundation Works. The defibrillator will also be moved to a safe location at the Mace Store away from the construction works.

For further information on the Hall Extension please look out for regular updates on the noticeboard, or check out our Websites and Facebook.
